Received: 11 June 2021 / Accepted: 11 January 2022

Regarding the article L. Cai, Y. Feng, S.Y. Liang, Analytical modeling of residual stress in end-milling with minimum quantity lubrication, *Mechanics & Industry* **23**, 5 (2022) – <https://doi.org/10.1051/meca/2022002>, published February 17th, 2022, the affiliation of the second co-author was erroneous.

The affiliation is the same for all three authors: Woodruff School of Mechanical Engineering, Georgia Institute of Technology, Atlanta, GA 30332, USA.
